## FACT SHEET

#DYNMT

### WHAT IS DYNAMITE TOKEN?

Dynamite Token (DYNMT) is a deflationary cryptocurrency.

It's an open-sourced, community-driven social experiment

### THE VISION

To become one of the most well-known deflationary currencies of the decentralised crypto world.

There were initially 900,000 DYNMT tokens

Every time DYNMT is transferred, 2% of the transaction is destroyed

There will never be any new tokens created.
