

MINEUM Whitepaper (May 2016)

- What is MINEUM?
 - MINEUM is a mining farm located in Quebec, Canada that is led by two cryptocurrency enthusiast and developers. The company is aimed at stable growth over many years to come and poised to become the reference in cryptocurrency mining.
- MINEUM Components
 - Mining Farm
 - Shareholder System and Platform
 - Cloud Mining System and Platform (Q2 2016)
 - Cloud Hosting System and Platform (Q3 2016)
 - Mining Pool (Q3 2016)
 - Research and Development Platform (Q4 2016)
 - Mining Rental Platform (Q2 2017)
- Organisation
 - MINEUM is currently raising funds by selling 49% of its shares to new investors. To do so, an ICO campaign is being done during the month of May to raise funds to finance the components and projects of the company.
 - MINEUM will get its gain mainly from the Mining Farm, Cloud Mining and Cloud Hosting but new projects could generate some more gains in the future.
 - Profits of MINEUM include the gains minus the different costs linked to MINEUM activities.
 - Shareholders will receive dividends for holding. More information about the dividends are available at :
<https://mineum.org/documentation/mineum-dividends.pdf>
- Activities
 - Mining Farm
 - The mining farm, including but not limited to, the utilization of mining equipment, as well as the maintenance and its optimization.
 - It also requires a sufficient quantity of spare parts to avoid long downtime of the equipment.
 - Development
 - The development includes but is not limited to development of new features and products, testing phases and the use of consultancy works.
- Shareholders
 - Responsibilities

- A MINEUM investor has guidelines to follow in order to remain a shareholder.
 - Subscribe to the MyMINEUM's Shareholder Platform
 - Once subscribed, you'll need to supply your MINEUM address which contains at least 10 000 MNM, a BTC address where you want to dividends to be paid and a valid email address to contact you.
 - As a shareholder, you'll need to be active in the MINEUM community in regards to making mandatory updates for Wallet / Platform or else.
- Roles
 - MINEUM shareholders have two main roles which include but are not limited to voting and support.
 - Voting
 - Once subscribed to the MyMINEUM's Shareholder Platform, shareholders will be able to vote for their preferences in the different polls available.
 - Support
 - To secure the future success of MINEUM, we encourage shareholders to support the project by submitting ideas and supporting MINEUM on different social media platforms. MINEUM needs the opinions of its investors, as they are very important to the success of the project. MINEUM shareholder participation is key to the success of any projects and helps to make the project known. With continued full support from MINEUM shareholders, the project is guaranteed ultimate success. MINEUM wants its shareholders to know they are of the utmost importance to the organization.
- Gains
 - MINEUM Profits
 - The profits designated for shareholders represent 100% of the profits from all activities of MINEUM unless additional contributions are defined.
 - This includes (but is not limited to):
 - Mining Activities
 - Cloud Mining
 - Cloud Hosting
 - Referral Program
 - A special referral program, reserved for shareholders will be available after the launch of Cloud Mining and Cloud Hosting. More details about that program will be available at the first of the two launches.
